BIRD FLU & SOUTH OF ENGLAND SHOW.

The Egg Show is confirmed and is going ahead as we already have licence in place for this. A licence is being applied for so that we can hold the poultry show and sale. All exhibitors and vendors entering live birds will be asked to provide a contact email or mobile number so that we can let you know in the event of any cancellation.

Where possible if you are entering both birds and eggs please provide two cheques of payment so that in the event of cancellation and only an egg show taking place the bird entry fees can be easily destroyed or returned.

Please note that once licence is granted tickets will be sent out together with the full conditions.

Specific biosecurity advice for participants – as currently advised by DEFRA

Information below is subject to change.

Before setting out

- check all your birds to ensure that there are no signs of serious disease, and that the birds to be exhibited are healthy
- ensure that transport containers are clean and if practicable, disinfected: they should not contain bedding material, including shavings or paper shavings

On arrival at the gathering

- only take essential equipment into the venue and ensure that it is either disposable, or capable of being cleansed and disinfected
- only take in enough feed for the duration of the gathering
- at the gathering, wear clean clothing that has not been used in your bird housing: consider bringing a change of clothes to wear after the event
- change your footwear: you should wear clean and disinfected footwear, or wear disposable overboots

During the gathering

- ensure that only the owner of the birds, and the judges, handle them - they should clean their hands between each bird
- ensure that any sick birds are immediately removed from the show area and placed in a separate isolation area

After the gathering

- make sure containers and reusable equipment taken into the gathering are cleaned and disinfected as soon as possible and before being used again
- change your clothes, preferably after leaving the gathering, or at least before entering the bird housing on returning home
- we recommend that on return from the gathering you should:
 - keep birds taken to the gathering separate from the remaining birds for at least two weeks
 - keep all new birds quarantined in a building well away from the main bird housing for at least 30 days
 - to prevent cross contamination, tend to isolated birds separately: wear different clothes when doing so
- if you have any concerns about the health of your birds, please contact your veterinary surgeon

- **Sale will be held under and DEFRA Regulations in place at the time of event.**
- All birds must have been the bonafida property of the vendor for at least 28 days prior to the date of the sale. Please note we are an outlet for members of the fancy to sell their surplus stock that is unsuitable or not required for their breeding purposes. We actively discourage the sale of any birds bought at local auctions purely for the purpose of resale at our event.
- **All stock must come with a clean un-used carrier to be sold in or it will not be accepted for sale and birds must be fit for sale to comply with poultry club welfare guidelines which include the following:**
 - **All sale birds should be clean and their legs and feet should be washed before coming to the sale. They should also be free from all external parasites, i.e. lice, mites and scaly leg mite.**
 - **All birds sold should be provided with appropriate sized clean boxes for the number of birds and clearly marked with breed, number of birds and the name of the owner**
 - **clothes and vehicles to be disinfected before and after attending a sale**
- All sale birds must be penned by 9.00 am on the first day of sale, please note this is the latest time and earlier arrival would be appreciated. No vehicular access after 8.30 am. Strictly no entry with vehicles after this time – stock will have to be carried in on foot

- Any birds with diseases, parasites or appearing unwell will be removed from sale during inspection and the vendor asked to take them home. The steward's decision is final on diseased and overcrowded birds.
- We reserve the right to refuse to sell any bird. The committee's decision is final.
- Whilst all care will be taken of exhibits and equipment, all entries are made at vendor's own risk and neither the sale organisers or any person employed or appointed by them shall be held liable for the loss of or for any damage sustained by any bird while they are in their possession whether or exhibition, inspection, during boxing or any other purpose whatsoever.
- Selling will begin at or about 10.00 am once inspection has been finalised.

- All stock must be collected by 5.00 pm on the last day of the sale otherwise the society reserves the right to dispose of it as it sees fit and charge the vendor accordingly.
- Where the organisers feel a description given by the vendor is inaccurate, they reserve the right to amend accordingly so as not to mislead any potential purchaser.
- Vendors wishing to remove their unsold birds at the end of the show must first withdraw them via the sales table. This is very important as some sold birds are taken home inadvertently or removed during inspection
- If the available pens are filled prior to the closing date, the Society reserves the right to return entries with full repayment.
- **Only purebred stock will be accepted. Strictly no crossbreeds.**
- Please note that wild game birds cannot be accepted for sale due to the level of stress experienced by them.
